Why KNIME?

February 8, 2023

Rosaria Silipo
Head of Data Science Evangelism
KNIME

8 Reasons why ... KNIME Analytics Platform

1. It is free and open-source
2. It is open: with more than 200 connectors it can connect to almost all data sources
3. It is a low code tool, that is based on a GUI and therefore suitable also for non-programmers
4. It provides an extensive coverage of data operations and machine learning algorithms
5. It is easy to learn
6. It provides plenty of learning resources
7. It has a great community behind
8. Together with KNIME Business Hub, it covers all your data needs in the data science cycle, from creation to deployment.

5 resources to start with

1. Download it from www.knime.com/downloads and use it
2. Read the Getting Started Guide
3. Attend the L1-DS/DW course (free) (4 lessons)
4. Read the ebook “KNIME Beginners Luck” from the KNIME Press. Use promotion code **FM-ANT-0223** to download it for free.
5. Try to solve some Just KNIME It! Challenges, maybe start from the “easy” ones

Thank you!
